Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	• Visits the OptiCrop website. • Creates an account or logs in. • Opens the Crop Prediction page.	• Enters soil nutrients (N, P, K), pH, temperature, humidity, and rainfall. • Clicks the Predict Crop button. • Waits for the AI prediction.	• Views the recommended crop. • Reads farming tips and prediction details. • Uses the recommendation for cultivation.
Touchpoint <i>What part of the service do they interact with?</i>	• Home page. • Login/Sign-up page. • Dashboard.	• Crop Prediction form. • AI Prediction System. • Submit button.	• Results page. • Recommendation dashboard. • Farming tips section.
Customer Thought <i>What is the customer thinking?</i>	• Will this system help me? • Is it easy to use? • Can I trust the recommendations?	• I hope I entered the correct details. • I want an accurate prediction. • I need the best crop suggestion.	• This recommendation will improve my yield. • I can make better farming decisions. • This saves my time and effort
Customer Feeling <i>What is the customer feeling?</i>	Curious, Hopeful, Interested	Excited, Expectant, Slightly Anxious	. Happy, Confident, Satisfied

Process Ownership <i>Who is in the lead on this?</i>	User & Web Application	AI Prediction System (ML Model)	User & OptiCrop Recommendation System
Opportunities (How can we improve this stage?)	• Simple registration • User-friendly interface. • Multi-language support.	• Faster prediction. • Better input validation. • Real-time weather integration.	• Downloadable reports • Personalized farming tips • Market price and fertilizer recommendations
